# FOREWORD

This publication, the first edition of the O A Buyers Index, is the direct outgrowth of hundreds of requests from our subscribers for a concise, accurate directory of manufacturers, products and trade names in the office equipment field. It is designed as a supplement, rather than a substitute, for the Office Appliances Service Bureau, which will continue to handle inquiries of a more complex nature. The value of the Index will be apparent to the user, whether the manufacturer sells direct or through dealers. Despite certain inaccuracies or omissions that may be found, we believe the Buyers Index to be the most complete work of its kind available. We urge that you carefully preserve your copy—IT CANNOT BE REPLACED. A completely revised edition will be published annually.

# Alphabetical List of Manufacturers

**The following list of manufacturers of office equipment and supplies has been carefully selected by the publishers of the OA Buyers Index on the basis of frequency of inquiries received by our Service Bureau. Though not all-inclusive, the list is representative of the field and classifications covered. The publishers will welcome constructive suggestions for additions, deletions or other corrections.**

# 300 NEW ITEMS IN A SINGLE YEAR

In a single year Office Appliances announces some 300 items in the section devoted to new machines and devices.

Usually this information is given before the items appear on the market and always in advance of most sources of such news. It is not uncommon for a dealer to tell us that some of his best selling lines have been secured from seeing the things in Office Appliances. Many readers say this section in itself is worth the subscription cost, not to mention all the other features.

If you want to keep in touch with the activities of the office equipment industry, there is no better way to do it than by entering a subscription to Office Appliances. The rates are $2.00 a year, $3.00 for two years; Canada $2.50 and $4.00; Foreign $3.00 and $5.00.

# *Sales* AND PROFITS YOU MAY BE MISSING

There's no debate among dealers who handle Hall-Welter office devices about their profit and prestige-building value. These nationally accepted trade-marked appliances, Error-No, Speedrite and Chexsigno — have a known reputation for efficiency, quality and universal business use. Prime prospects are offices or industries, where checks must be protected or hand signed, or copying of reports or documents is a large factor in production routine.

## SPEEDRITE

Mechanical checkwriter giving absolute protection against forgery. One-piece case casting, steel-strong type, and perfect inking system give efficient lifelong service. Each check protected by a $10,000 forgery policy issued to every Speedrite purchaser by one of the Country's leading insurance companies.

## CHEXSIGNO

Eliminates tedious hand signing of checks. Exclusive serrated signature and positive locking principle make this machine safer than the pen. Durable construction and simple operation insure time-saving, fast, low-cost check signing. Endorsed and used by leading banks and insurance companies.

## *Error*-No Line-by-Line COPYHOLDERS

Outperforms all other line-by-line copyholders. Holds copy before the eyes. Eliminates eye and body fatigue, costly side reading, prevents errors, increases typing efficiency. Applicable to every typewriter, as well as billing, bookkeeping or tabulating machines. Highest quality, all steel. Seven models, from 12" to 36" wide.

## Dealer Franchises

Analysis of your territory will show many opportunities where Hall-Welter equipment can be sold. Profits are in proportion to effort. While the territories available are limited, inquiries are welcomed.

Illustrated here in this cross-section view is the latest scientific inking principle. Fresh ink travels by capillary action directly to the pen-point.

This eliminates the large shallow dip-compartment which, as commonly used to feed pen-points, causes deterioration and waste of ink. This new way, the last drop of ink in the container — as fresh as the first — is fed directly to the pen-point, and there is no waste.

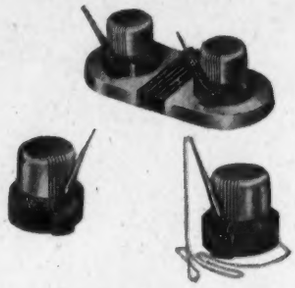
# New Capillary-Action Handi-Pen Desk Sets by Sengbusch

**. . . with new inking principle — new writing ease — new beauty that pleases everyone — 3 big sales-building features all in one standard line.**

Here is a desk set with unsurpassed performance features, heretofore unknown in any inverted-bottle type unit. It has the style, efficiency, simplicity, economy, cleanliness, and safety from spillage that appeals to every one.

Those who have used the new Handi-pen desk set call it the writing champion. They like the smooth, effortless, instantaneous writing with fresh ink—and the wide variety of pen-points that permits selection for individual writing styles. These points are iridium-tipped, too — for long life. The set itself holds a long-lasting supply of fresh ink — there is no waste or deterioration.

Put these outstanding performance features to work for you. Stock up with popular-priced Handi-pen desk sets, to take care of your regular customers and attract new buyers. Reap the rewards of fast turnover and large volume sales.



*Sengbusch Handi-pen desk sets are supplied in pleasing two-color combinations. Sets retail from $3.25 up.*

# New Low Desk

The very first time you sit down at this desk you'll be *amazed* at the difference this 29-inch height makes. It isn't a slight difference. It's an *enormous* difference! You will sail through your business day, alert, and at ease . . . turning out more work than ever before.

**Created by Shaw-Walker** and first introduced **in 1938,** the 29-inch natural working height was nationalized as standard in 1941. The New Low Desk, another first by Shaw-Walker, is only one of the many time-savers and space-savers pictured, described and priced in the Shaw-Walker OFFICE GUIDE.

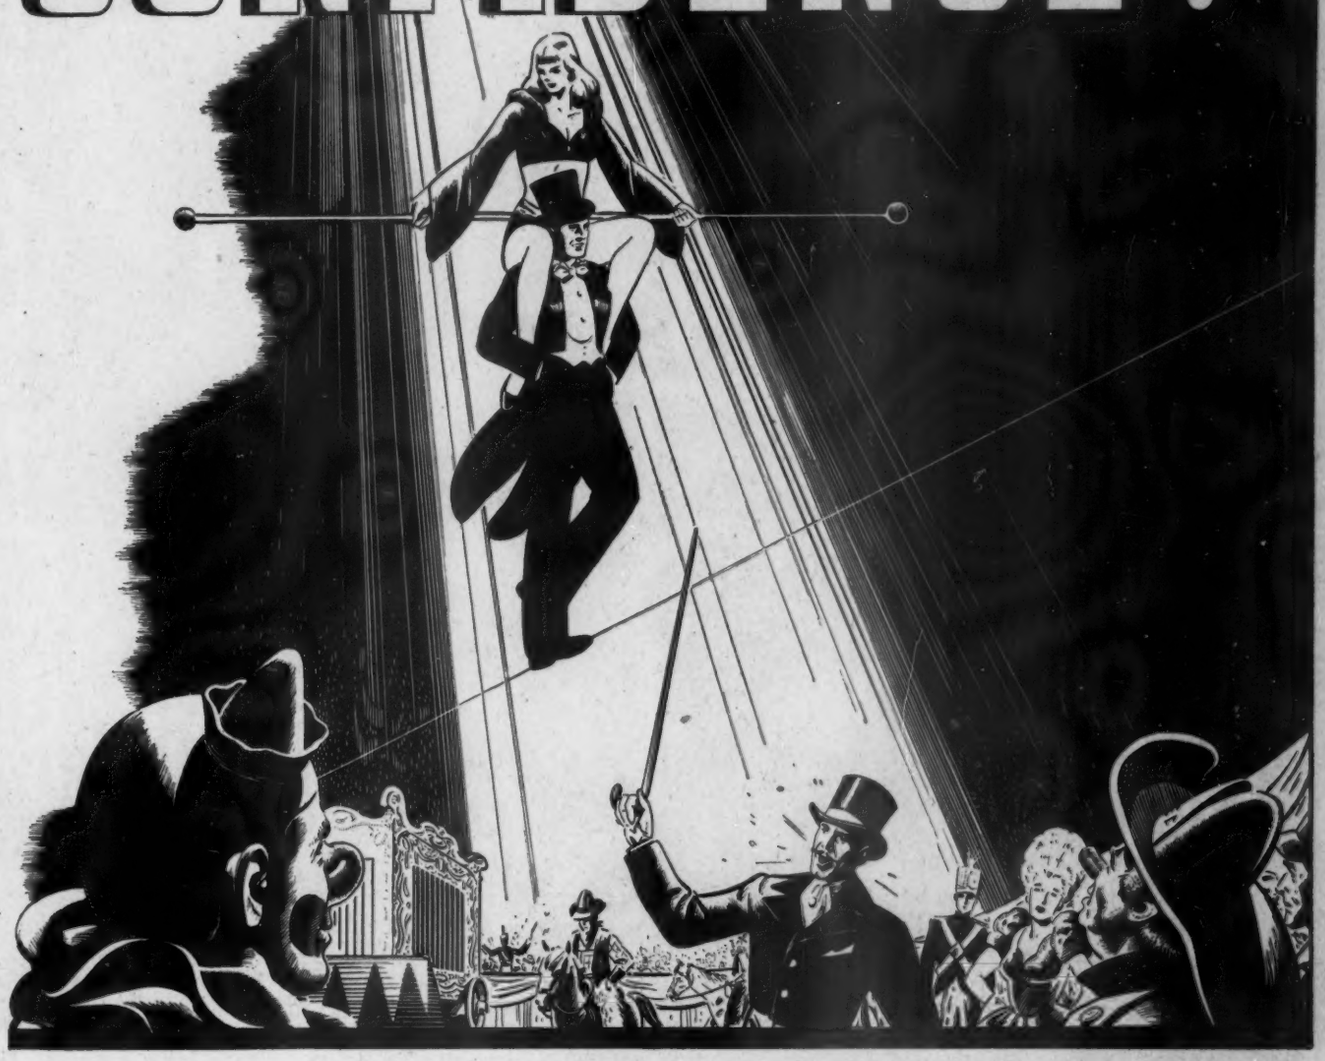
# CONFIDENCE!



Have you ever stopped to marvel at the degree of confidence displayed by those who perform aerial feats. Confidence in their own ability and that of their partners makes for success. Successful performance in any avenue of endeavor is likewise built on CONFIDENCE. In the desk field, the dealer who buys and sells INDIANA DESKS does so with full confidence in their intrinsic merit. The Indiana Desk Co. policy of always giving maximum value has paid real dividends for both the company and its dealers. It is no wonder therefore that Indiana Desk dealers are outstanding leaders in the office furniture field.

# ALWAYS....
# A Full Measure of Value!

One of the driving forces behind the success of Jasper Office Furniture Co. has been the desire to give a "full measure of value." Yes . . . and we've often gone further and indulged in the good old American principle of the "Baker's Dozen." We find that giving a little more than the customer expects, pays big dividends. No matter what the conditions . . . even during the eventful period we've passed through, we've still adhered to this principle. Since our business is founded so strongly on the formula of good value, it obviously follows that the future is bright with promise for JACKSON DESK dealers.

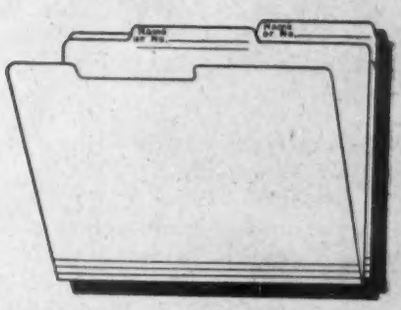
# 4 BIG REASONS *why your best filing supply source is*

# Oxford

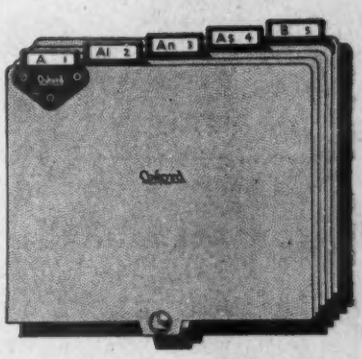
Reg. U. S. Pat. Off.



OXFORD IS *YOUR COMPANY.* Its entire structure of management, manufacturing, and sales is based on dealer distribution. The growth of Oxford to its present leadership in the filing supply industry stems from one basic principle:—if the dealer prospers, Oxford prospers.

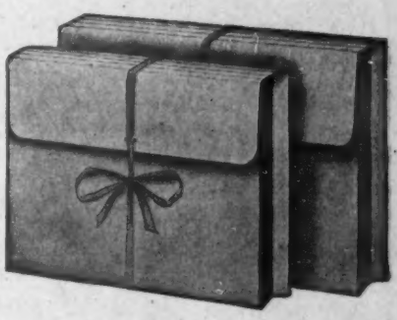
Thus the company, and its products have developed over the years, always with the interest of the dealer paramount.

And "the interest of the dealer" can be summed up in these four big reasons why your best filing source is Oxford:



1. Distribution through dealers exclusively.
2. A complete and well-known line—filing supplies, *AND* storage files, *AND* Pendaflex. Supported by national advertising, and recognized by the consumer as right in both quality and price.
3. Selling helps—displays, circulars, sample sets, and other promotion material supplied without charge.
4. A national sales staff of experienced men, able and willing to work with you on your sales problems.

These four big reasons work together to assure the Oxford distributors easier selling of more merchandise, with greater profit.



Write us today. Tie up with the filing supply line that has more than tripled its business in the past ten years—and watch your own sales increase!

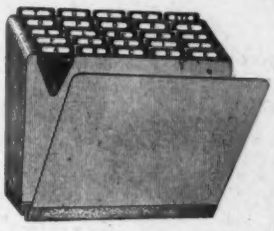
**PRESSBOARD FOLDERS**



Straight cut across the top or tabbed—every folder shows the superior Weis workmanship. Note the strong fabric gusset along the bottom—allows a full inch of expansion so that when the capacity is increased the load is still even.

We urge the use of these to be just the thing for personal files but you will find many who will want them for their regulars. Two and three inch gusset on special order.

# GUARD AGAINST GLARE WITH "EYE-EASE" RECORDS

*Remember*
ONLY NATIONAL MAKES "EYE-EASE"

The reflected glare of light on paper work bounces back into the eyes, where Nature has provided no protection. It causes eye fatigue, which, too often, communicates itself to other parts of the body and brings on that "tired-all-over" feeling. Accuracy suffers . . . work drags . . . errors creep in.

"EYE-EASE" paper minimizes such reflected glare . . . guards workers' eyes against strain and fatigue. Its correct green-white tint, combined with restful brown and green ruling is easy on the eyes, makes for greater working efficiency at any time, under any kind of light. It speeds up work. It helps to keep workers longer at their best.

**"EYE-EASE" helps sales. Push it! Recommend it! And be sure you have a supply of E-10 booklets for enclosures.**

Ben Franklin made
writing simpler

# *Blaisdell #500
# Ben. Franklin

***Makes your paper work easier***

Here are some of the features that make Ben. Franklin #500 a plus value. Ben. Franklin #500 has a lead that's made from highly refined graphite, compressed to give long-lasting, clean wear. More than half a century of "know-how" goes into its making.

Yes, and when you order any of the five degrees (1—2—2 3/6—3 and 4) you'll get uniformity that won't change, from order to order or from year to year.

## DO YOU SEE THE HANDWRITING ON THE WALL?

### 1. PEERLESS-IMPERIAL RIBBONS and CARBONS

A dependable "repeater" —inked ribbons and carbons for every use—typewriter and pencil carbon. Also treated back carbon and waxed back no-curl carbon. Carbonized rolls for all uses, Tailor rolls, etc. Whatever the need — we supply it.

### 2. IMPERIAL SPIRITCARB

For spirit or gelatin duplicating . . . a LEADER in quality of reproduction and quantity of output. Sell it with confidence to your biggest and most exacting users.

**MAN TO MAN — MANUFACTURER TO DEALER — ARE YOU INTERESTED IN MAKING MONEY?**

***See the 4 answers herewith!***

### 3. RUBBER TYPEWRITER KEYS

The demand is so great that the simple truth sounds like an exaggeration. Practically every Stenographer, Secretary and Typist in America wants a new set of PEERLESS Rubber Typewriter Keys . . . because they increase speed and efficiency, cushion the shock of typing and PREVENT BROKEN FINGERNAILS!

### 4. RUBBER TYPEWRITER PAD

Eliminates "dancing" while typewriter is in use. Prevents marring surfaces and danger of machine crashing to the floor when accidentally bumped. Anchors machine solidly — even when table is tilted to a 60 degree angle. Deadens noise, lessens vibration, does not collect dust. NOTE: One Dealer sold 2000 pads for typewriters and adding machines in 30 days!
